

RocketFailover® Service Plans

For RocketFailover Autopilot™ and RocketFailover Fusion™ solutions only.

Essentials Plan Starting At \$49.95/Mo.*

Data Plan:

- 2 GB/Month
- Static IP (if needed)
- Data pooling of like services

Service & Support:

- Live-In-Five™ remote install assistance
- Remote equipment support/updates & warranty
- Phone/email support - Mon.-Fri., 8am-5pm CST

iStatus® Monitoring & Alerts:

- Data usage alerts via email, web, & apps
- Multi-site data usage & uptime tracking
- IntelligentAlerts™ with Business Hours
- ConnectionValidation™ - Tests & validates connections
- iStatus Signal-IQ™ - Monitor signal strength
- StickyFailover Detection™ - detect when traffic is stuck on the failover connection
- iStatus NPM™ - Network Performance Monitoring of a specified target. A target consists of one IP address, hostname, or website monitored via PING/HTTP/HTTPS
- Monitor 1 NPM target

Professional Plan Starting At \$69.95/Mo.*

- Everything in Essentials plus:

Data Plan:

- Increase data to 3 GB/Month

iStatus Security™:

- ChangeDetection™ - Detect DNS changes, gateway changes, misconfigurations, & man-in-the-middle attacks
- iStatus ArpWatch™ & ArpWatch Reporting - Detect new/rogue devices on your network
- iStatus DDLD™ - Dynamic Data Leak Detection monitors specified targets to test that your firewall policies are working

iStatus® Monitoring:

- iStatus Pinpoint™ - Easily identify the exact point of connectivity failure
- Monitor any combination of NPM & DDLD targets up to a total of 10 targets

iStatus® Reports & Settings:

- Location level on-demand & recurring reports
- Deployment Templates - Default settings for new targets, locations, & probes throughout your group or whole organization
- 3-Months of audit logs with historical data

Enterprise+ Plan Starting At \$89.95/Mo.*

- Everything in Professional plus:

Data Plan:

- Increase data to 5 GB/Month

iStatus® Monitoring & Reports:

- Monitor any combination of NPM & DDLD targets up to a total of 20 targets
- iStatus FlowTracking™ - Monitor your SD-WAN traffic flows (SD-WAN firewall configurations sold separately)
- Increase to 12-Months of audit logs with historical data
- Advanced NPM Reporting - location-specific or multi-location on-demand & recurring reports
- iStatus Internet Health Report - compare business critical application performance & Internet connectivity across locations
- Network Security Compliance Reporting for PCI, HIPAA, SOX, & more (coming soon)

*Pricing shown is based on a 36 month agreement. The cost of the hardware is not included in the Service Plan pricing. All pricing is subject to change without notice.

RocketFailover Complete Security™ Service Plan

Ideal solution for complex networks that want a managed firewall for more granular control of traffic.

Enterprise+ Plan Starting At \$139.95/Mo.*
