Last Revised: June 26, 2025

The below terms apply to connectivity and monitoring services provided by Akative. By signing this contract, you are subject to the following terms:

A 36-month agreement applies to all services unless otherwise noted. Unless otherwise noted, a \$4.95 fee applies to each invoice generated when customer is not setup for automatic payments with credit card or ACH.

You agree to our Terms and Conditions listed here: <https://www.akative.com/Internet-terms-of-service> and which is attached to this quote. Matters not explicitly addressed herein shall be governed by the Terms and Conditions, with this Service Agreement prevailing in the event of any conflicting provisions.

Connectivity Services With Akative Provided Hardware (if applicable):

1. RocketFailover, AkativeSD, InternetAnywhere, and VitalConnectivity plans include basic cellular router remote support, including basic configuration changes and remote updates.
2. Selected monthly cellular data (GB/Month) per connection.
3. AkativeSD and VitalConnectivity plans include a Cloud VPN with 1 TB/year of throughput unless otherwise noted.
4. A static, public IP address is provided with connectivity plans as needed and allowed by carrier. Your selected service plan may charge a fee for the static IP; please see your service plan for details.
5. All plans include our Live-In-Five™ assisted remote installation/activation.
6. Purchased, leased-to-own, and leased devices from Akative/Thinix/RDI are only designed to work with the Akative connectivity/Internet service and are not compatible with a different service provider.

SIM-Only Connectivity (if applicable):

1. SIM-Only is subject to a monthly line fee that ranges in cost depending on selected carrier. Monthly line fee costs start at \$5/line. Line fees cannot be prorated and are billed in whole month increments only. Data is not included in the line fee.
2. SIM-Only is subject to a \$25/line one-time setup/activation fee plus any shipping and taxes incurred.
3. SIM-Only plans are limited to 1 carrier per line and cannot change carriers. Should a different carrier be needed, a new line will need to be purchased and a new setup fee will apply.
4. SIM-Only plans do not have any data usage protections/rules and you are responsible for all data used and any overages accrued.
5. SIM-Only plans do not include a cellular device, configurations, hardware warranty, or device support and updates. The customer is responsible for providing and maintaining their own compatible cellular device. Akative is not responsible for device configurations/setup and carrier certification/compatibility, and cannot guarantee the quality/performance of failover/connectivity service provided.
6. Akative does not support non-Akative devices and is not responsible for uncontrolled data consumption due to failover device/firewall/network misconfigurations or improper setup/installation. Overages will apply for situations of uncontrolled data consumption.
7. Included support for SIM-Only connectivity plans is for data usage and billing only. It does not include troubleshooting of any type (labor billed separately).

Included With Monitoring Services (if applicable):

1. iStatus Essentials, Professional, and Enterprise+ services include:
 - a. Basic remote support with basic configuration changes and remote updates.
 - b. iStatus Probe and access to the iStatus Monitoring Dashboard - Cloud SaaS Management platform, apps, and alerts.
2. iStatus Starter services include data usage monitoring and alerts only.
3. Without iStatus Essentials, Professional, or Enterprise+, Akative is unable to provide additional data/connectivity information including, but not limited to: signal strength, service availability, carrier

coverage verification, speed, device issues, failover connections status (on/off, active/inactive, etc.), and connectivity issues.

4. All plans include our Live-In-Five™ assisted remote installation/activation.
5. All monthly or prepaid monitoring services (whether used in whole or in part) are non-refundable and do not roll forward.

Data Services (if applicable):

1. Data services are provided via carrier best-effort. Best-effort in data services means the carrier will strive to deliver the best available performance, but does not guarantee specific speeds, reliability, or quality of service. Akative shall not be held liable for carrier best-effort.
2. Data services are subject to hardware compatibility and carrier coverage areas. Akative performs a carrier coverage verification test at the time of deployment. At anytime, if carrier changes are needed, charges may apply and you authorize Akative to adjust your monthly billing rate accordingly.
3. Akative provides data usage alerts. Due to the lag time from the carriers, data usage alerts may be 48-72+ hours behind, and thus Akative cannot guarantee timely data usage alerts. Customers should be aware of these factors and should use cellular data accordingly.
4. Data speed is specified by some carriers up to the 'Priority Data Threshold' and is not guaranteed. Data above the 'Priority Data Threshold' is based on best effort and may be deprioritized if cellular networks are congested.
5. If the selected data plan is not sufficient, the customer may purchase additional data, upgrade to an unlimited data plan, or purchase a multi-SIM option with another line(s) of data; contact Akative sales for details.
6. Akative is not responsible for data usage over the failover/cellular device. If usage exceed the prepaid data amount, overage rates will apply. To minimize costs, Akative recommends limiting traffic to essential business needs.
7. Data usage is used and billed in whole GBs per line. Any partial GB(s) per line will automatically round up to the nearest whole GB.
8. If data usage is high, Akative reserves the right to do mid-cycle billings with the on-file payment method.
9. Only data usage services are being provided by Akative and any SMS or non-data usage are not a promised function. If SMS or non-data usage is used, they are subject to additional fees.
10. All devices will use cellular data to maintain an active connection and for updates/monitoring/support, so not all data is available for customer use.
11. In the event that the selected carrier plan is discontinued, Akative reserves the right to transition your service to the next most comparable plan available. Please be advised that this may result in changes to pricing.
12. Any unused data from the selected plan does not carry over to the next month nor is it refundable.
13. Akative's Open Internet Disclosure, outlining our network management practices, performance characteristics, and commitment to transparency, is available for review at:
<https://www.akative.com/open-internet-statement>.

Akative High-Usage & Unlimited Data Plans (if applicable):

1. [Red Nationwide High-Usage Plans] Each Red Nationwide High-Usage Plans has a specified 'Priority Data Threshold' and 'High Priority Data' with a 'Overage Protection Threshold' (data cap) of 300 GB/month. Once the Priority Data Threshold is reached, the speed is deprioritized by the carrier and data throughput is based on best effort, determined by cellular traffic (load) and other factors.
2. [Red Ultra Wideband 5G™ Plans] Red Ultra Wideband 5G Plans have no overages or data thresholds and uses speeds up to the max speed indicated for the selected plan. These plans are only available for fixed locations within the carrier's coverage area and require a 5G compatible device to work.
3. [Purple Regional Unlimited™ Plans] Purple Regional Unlimited™ Plans have no data overages and use the fastest speeds available until the selected monthly 'Priority Data Threshold' is reached. Once the 'Priority DataThreshold' is reached, the speed is rate limited to a maximum of 1.5 Mbps for the remaining time in the current billing cycle. These plans are available in carrier's home coverage area only.
4. [Blue Nationwide High-Usage Plans] Blue Nationwide High-Usage Plans are intended for business-use only. Plans may not be used for continuous streaming of video surveillance or monitoring (manned or unmanned). Plans do not allow access to entertainment and other non-business websites that offer video or audio streaming services and may not be used for entertainment, audio streaming, web hosting, or

public or guest WiFi. 100 Mbps 'Maximum Data Speed' requires a device with a Category 18 or higher modem. Actual speed varies. Maximum speeds not always available everywhere or at all times. Once the Priority Data Threshold is reached, the speed is deprioritized by the carrier and data throughput is based on best effort, determined by cellular traffic (load) and other factors.

Data Overages & Caps (if applicable):

1. Overage charges can be incurred for all data plans (unless otherwise stated). Your overage rate is quoted on your initial service agreement. If no overage rate is specified, the default rate of \$15.00/GB applies for any data exceeding the prepaid allotment. Overages are always billed in whole GB per line.
2. The Red Nationwide High-Usage and Blue Nationwide High Usage Plans are capped at 300 GB/month. If the cap is reached, data service is automatically shut off for the remainder of the current billing cycle. Data service will automatically resume at the start of the next billing cycle. In the event that the data plan is not capped, overage charges can be incurred for use above 300 GB/month and are billed at a rate of \$4.00/GB in 5 GB increments.
3. Red Ultra Wideband 5G Plans and Purple Regional Unlimited Plans have no overage costs.
4. Overage charges can be incurred for Cloud VPN plans and are billed at a rate of \$50/TB/year per each additional TB used. (Bills in whole TB)
5. Unless otherwise noted: all MB plans are capped at 5 GB, 1 GB/mo. plans are capped at 20 GB/mo., 2 GB/mo plans are capped at 40 GB/mo., and all other data plan amounts (excluding unlimited plans) are capped at 50 GB/mo. If the cap is reached, data service is automatically shut off for the remainder of that billing cycle. Data service will automatically resume at the start of the next billing cycle and data cap will also reset.
6. With authorization, Akative can alter the data cap. Any outstanding accounts must be current prior to increasing the data cap.
7. At Akative's sole discretion, cellular data usage may be discontinued to accounts that have significant usage or unpaid charges.

Data Pooling (if applicable):

1. Data plans must be provided by Akative, have like service, and be centrally invoiced in order for pooling to occur among connections.
2. All high-usage and unlimited data plans are priced on a per-line basis and thus excluded from data pooling.
3. Data overages are possible with pooled data service and are billed per additional whole GB.
4. Organizations may have a mix of pooled and non-pooled data plans with Akative and billed accordingly.

Firewall Configuration & Support (if applicable):

1. For Customer-provided firewalls, Akative offers initial firewall configuration guides and basic remote configuration support for failover service installation. This support specifically focuses on configuring the firewall to function with the failover device and only covers this functionality. If Akative completes your firewall configuration for you, you will be billed accordingly. Additional assistance/support with traffic routing, VPN tunnels, firewall rules, and policies will also be subject to Akative's standard hourly support rate.
 - a. For Customer-provided firewalls, Akative does not provide ongoing firewall support or maintenance. Akative is not liable or responsible for the accuracy of initial configurations performed by the customer or the customer's MSP. Akative is not liable for misconfigurations, policy/rule changes, or network/traffic alterations on the customer's firewall that impact the functionality of Akative's services. If Customer provides own firewall, Akative is not liable for data usage resulting from firewall configurations.
2. For Akative solutions utilizing an Akative-provided firewall, only basic firewall configuration, service, and ongoing support are explicitly provided for the function of Akative's failover solutions.
 - a. **Firewall Configurations:** Basic firewall configurations are only for the initial setup of fundamental rules and policies, initial failover traffic routing, and the specified security suite features (Basic or Total Security). Any changes to the above items outside of the initial setup are subject to Akative's standard hourly support rate.

- **Basic Security Suite** features (as they may impact failover service) are defined as: intrusion prevention, URL filtering, gateway antivirus, network discovery, spam prevention, and application control.
- **Total Security Suite** features (as they may impact failover service) are defined as: intrusion prevention, URL filtering, gateway antivirus, network discovery, spam prevention, application control, APT blocker, threat detection and response, DNSWatch, data loss prevention, access portal, and IntelligentAV Antivirus.

All other configurations are considered advanced configurations and will be billed at Akative's standard hourly support rate. Advanced configurations and/or custom configurations include but are not limited to: VPNs, network segmentation, site-to-site configuration, traffic blocking, application troubleshooting, advanced certificates, and any security features that are not included in your selected security suite.

- b. **Firewall Service:** Depending on network needs, some WatchGuard firewall services/features may be included but not activated/utilized. Firewall services include the aforementioned selected security suite features, as well as packet filtering, stateful inspection, Access Control Lists (ACLs), Network Address Translation (NAT), and offsite logging (30 day retention). Advanced services and/or custom services, such as application layer filtering or PCI scanning, falls outside the scope of Akative's basic firewall services and will be billed at Akative's standard hourly support rate.
 - c. **Firewall Support:** Basic firewall ongoing support only includes Akative's implementation of firewall updates and patches, and minimal firewall rules/policies upkeep. Any additional Tier 1, 2, & 3 support requirements, configuration changes outside of the initial setup, and anything not listed or defined here are subject to Akative's standard hourly support rate.
 - d. **Firewall Access:** Regarding operational security, Akative does not share management credentials or allow access to Akative-provided firewalls with anyone outside of the authorized Akative support team. For policy/rule changes, please request changes via your iStatus support feature or email support@akative.com.
3. **Akative services provided do not include compliance reporting, auditing, or any other services that require specialized knowledge or expertise beyond the scope of the Services as described in this agreement. If such services are required, Akative may provide them at an additional cost, billed at a determined hourly rate.**

Hardware Licenses & Warranty:

1. All hardware (purchased, leased-to-own, or leased) is subject to all Akative service terms.
2. The hardware bundle line cost reflects all devices + basic configurations + term length license costs + any a la carte items.
3. Any unauthorized separation or modification of the Akative service components violates this Agreement and may impair the functionality of the solution. Such actions may result in penalties, including but not limited to: termination of service, forfeiture of warranties, and/or additional charges.
 - a. **Factory Reset:** Should the Customer factory reset any Akative hardware/service components, Akative shall not be liable for any resulting service impairment, loss of functionality, or performance issues. Reconfiguration or restoration of such services by Akative may incur additional charges to the Customer.
4. Cellular devices include a 1 year limited manufacturer's hardware warranty and are subject to annual device license fees outside of the Akative agreement. If manufacturer's hardware warranty does not cover device-swap/replacement, customer is subject to costs outside of this agreement.
 - a. For device swaps, customer will pay return shipping and any price differences for the new device. Customer also assumes responsibility for any device swap configuration and labor.
5. Limited manufacturer's warranty does not cover if device is destroyed, lost, or otherwise rendered inoperable. Customer assumes the responsibility of new hardware replacement at Akative's discretion for inoperable devices.
6. For the duration of services/active deployment, all Akative managed devices require annual licenses for proper functionality, updates/configurations, and management. License renewal is not optional for continued services. Annual licenses include but are not limited to licenses for device management, remote manager, and any firewall licensing.

7. Annual licenses automatically renew at term expiration in 1 year increments. License costs may range from \$30/year to \$300+/year depending on vendor, device, and license type and are subject to change. Akative will automatically bill customers 60 days in advance for renewal fees. By renewing, customer agrees to continue services with Akative for another year.
8. All licensing is nontransferable and nonrefundable.
9. Device lifespans are determined by the manufacturer and typically range 4-7 years. Akative recommends upgrading devices before they reach End of Life (EOL) to ensure uninterrupted service and security. EOL devices are not covered by manufacturer warranties and may not be supported by Akative. Customer agrees to be solely responsible for replacing EOL devices. Akative is not liable for any security breaches resulting from EOL devices.

Akative Service Agreement V1.0011

Terms and Conditions

Last Revised: March 10, 2025

1. **Introduction.** These are the Terms and Conditions for Akative/Thinix Service between the customer (“you”) and R & D Industries, Inc. (RDI) d.b.a. Akative, and d.b.a. Thinix (hereinafter collectively referred to as “Provider”, “we”, or “us”). “Service” refers to the internet access services, system monitoring services, data services, equipment rental services or any other product or service that you purchase from Provider, which in each case is described in a proposal fully signed by you and Provider (the “Proposal”). Your “Agreement” with us for the Services includes each of the following documents: (a) these Terms and Conditions, and (b) the Proposal. Provider reserves the right to refuse service to anyone based upon a determination we make as to your ability to complete your payment obligations under this agreement.
2. **Priority of Documents.** In the event of a discrepancy between the Proposal and these Terms and Conditions, the Proposal shall control with respect to any business terms set forth in the Proposal, and the Terms and Conditions shall control with respect to any legal terms set forth therein.
3. **Term; Termination; Early Termination Fee**
 - a. **Term.** With respect to each Service, this Agreement is effective on the day we activate that Service and continues for the initial term (the “IT”) set forth in the applicable Proposal for that Service, or if no IT is included in such Proposal, for a period of thirty-six (36) months. Thereafter, unless specifically indicated differently in the Proposal, the Service will continue on a month to month basis with a thirty-two percent (32%) premium added to the monthly cost, until either the Service is terminated in a manner as provided below or a new agreement is executed.
 - b. **Termination.**
 - i. You may terminate the Agreement between the parties or all or a portion of your Services at any time by notifying Provider. Termination by you shall be effective immediately unless you request a later termination date. Where applicable, your monthly recurring Services and the applicable charges for those monthly recurring Services shall be prorated to coincide with the termination date. Similarly, (where applicable) any portion of the terminated Service that has a specified monthly allotment shall also be prorated based upon the termination date, and depending on the amount of Service that you have used during the month of termination, such a proration may result in you incurring overage charges. Not all Services are eligible for prorate (i.e. cellular data, subscriptions, licensing, etc.).
 - ii. Provider may terminate or suspend the Agreement between the parties or all or a portion of your Services at any time without notice if (A) you breach any portion of the Agreement or (B) Provider ceases to provide such Service in your area. Termination by Provider shall be effective immediately unless we notify you of a later termination date.
 - c. **Early Termination Fee.** If the Agreement or all or a portion of your Services is terminated by either party for any reason during the IT other than pursuant to (i) the “Changes to Relationship” paragraph below or (ii) Provider ceasing to provide that Service in your area, Provider shall have the right to assess an Early Termination Fee (“ETF”) against you in connection with such termination. Each line of Service shall be subject to a separate ETF. The amount of the ETF shall be prorated over the IT of the Agreement using a straight-line calculation where the initial amount of the ETF is multiplied by a fraction where (i) the numerator is the number of full months that have been completed during the IT prior to the effective date of termination, and (ii) the denominator is the total number of months during the IT. By way of examples and not of limitation, an initial ETF of \$350.00 for a two (2) year IT will be reduced by \$14.58 each month until the ETF reaches \$0, and an initial ETF of \$150.00 for a two (2) year IT shall be reduced by \$6.25 each month until the ETF reaches \$0. Upon termination for any reason, you are responsible for the payment of all charges. If your Service is reinstated in Provider’s sole discretion, you may be charged a reactivation fee, which will be in an amount equal to twice your monthly service charge.

- d. **Default Term and Termination Fee.** Except as otherwise listed in the applicable Proposal, (i) the initial term (the "IT") shall be for a period of thirty-six (36) months and (ii) the initial ETF shall be \$360.00.
- e. **Changes to Relationship.** We may amend any portion of the Amendment at any time by providing notice to you. If we make Material Changes to the Agreement that you do not agree with, you may cancel your Agreement without incurring an ETF by notifying us within 30 days after notice to you of the change; provided, however, that you shall remain responsible for all other charges, fees and expenses incurred in connection with each Service through the termination date of that Service. For the purposes of this subparagraph, the term "Material Changes" shall mean only those changes that result in an increase to the rates that we charge you for Services under your Proposal; provided, however pricing changes resulting from any of the following shall not constitute a Material Change: (i) increases to charges permitted to be collected by any governmental authority (such as for the FCC universal service fund), (ii) charges permitted to be passed through the expense of taxes imposed on any Service, and (iii) charges which relate to other Services for which you are under no term commitment; provided, further, that other non-monetary changes to any portion of the Agreement shall not constitute a Material Change. If you use the Service after the 30-day period, you agree to be bound by any Material Changes.
- f. **Effect of Termination.** Any right or obligation of the parties in the Agreement which, by its nature, should survive termination or expiration of the Agreement, will survive any such termination or expiration of the Agreement.
- g. **Restocking Fee.** Should you cancel an order, Provider may, at our sole discretion and in lieu of an ETF, charge you a restocking fee up to a maximum of the full one-time non-recurring price of the Services; and additionally any costs for recurring Services already provided to you.

4. **Your Obligations.** You shall:

- a. Respond promptly to any reasonable requests from us for instructions, information or approvals we require to provide the Services.
- b. Cooperate with us in our performance of the Services and provide access to your premises, employees, contractors, and equipment as required to enable us to provide the Services.
- c. Take all steps necessary, including obtaining any required licenses or consents, to prevent customer-caused delays in our provision of the Services.
- d. Pay all legitimate fees, charges and expenses for all Services you receive and you shall be responsible for returning any Provider-owned Equipment at the end of the Term of the Service for which the Equipment was provided.
- e. Keep all accounts you have with us in good standing in order to be eligible for Service. If any account is not in good standing, all accounts and any Services provided for such accounts are subject to suspension and/or termination.
- f. Inform us of any changes in your customer address, or business address for Services, which must always be within our service areas
- g. Not resell any Service to any third parties, and you acknowledge and agree that the Services are furnished for your use only.
- h. Not use any Service for any unlawful, improper, harassing or abusive purpose or in such a way that interferes, or is reasonably likely to interfere with Provider's network, business operations, employees or customers.

5. **Fees and Expenses.**

- a. **Fees.** In consideration of our provision of the Services and the rights granted to you under the Agreement, you shall pay when due the fees, charges, and expenses as described in each applicable Proposal or in the Agreement. Fees, charges and expenses include, without limitation, telecommunications-related charges (such as monthly access, roaming, toll, long distance, directory assistance, Application Charges and Data Network Usage Charges); charges for other discretionary goods and services offered by Provider or third parties for which we bill; regulatory cost recovery charges; surcharges; and taxes. Regulatory cost recovery fees, surcharges, and taxes are subject to change without notice. For the purposes of this Section, "Application Charges" shall mean the non-recurring and/or monthly subscription fees incurred when you purchase data applications from us or third parties for which we bill, and "Data Network Usage Charges" shall mean the charges for transferring data (i.e., downloading applications, accessing the Internet, etc.) rendered in units of kilobytes or megabytes, where each partial kilobyte of data transferred will be rounded up and billed as a full kilobyte.
- b. **Billing and Payments.** Unless otherwise specified in an applicable Proposal, we will (i) bill you in advance each month for the next month's recurring service charges and (ii) bill you in arrears for usage charges not covered by your recurring service charges. The due date for fees, charges and expenses will be as set forth on each monthly bill. We reserve the right to change your billing cycle dates and the corresponding bill due dates upon thirty (30) days' prior notice. Itemized billing statements are not available unless you specifically request them in writing, in which event, we shall have the right to charge you a \$45.00 statement fee for each request for an itemized billing statement.
- c. **Credit Information.** You authorize consumer reporting agencies to periodically furnish Provider with your consumer report. You authorize us to periodically disclose your account information and payment history to consumer reporting agencies. You authorize third party agents or resellers of the Provider service to receive notice of decisions made from a review of your consumer credit report.
- d. **Initial Fee; Deposits.** Without limiting the foregoing, Provider may in its sole discretion require you to make an upfront payment for up to the first two (2) month's prorated service charges, which payment must be received in full by Provider before we shall be obligated to deliver any Equipment to you or begin delivery of any applicable Service. Provider may also require a deposit from you to guarantee payment of charges for Services and from time-to-time may increase the amount of the required deposit based on your usage and payment history. Deposits will only be returned to you after a minimum of twelve (12) consecutive months of satisfactory payments to Provider. We may apply deposits or payments to any charges you owe us on any account. Interest will not be paid on deposits unless required by law.
- e. **Late Payments.** Payments are late if not received by Provider by the due date shown on the monthly bill. All late payments shall bear interest at the lesser of the rate of 1.5% per month or the highest rate permissible under applicable law, calculated daily and compounded monthly; provided, however, in any event no penalty for a late payment shall be less than \$10.00 per occurrence. In addition to all other remedies available under this Agreement or at law (which Provider does not waive by the exercise of any rights hereunder), we shall be entitled to suspend the provision of any Services if you fail to pay any amounts when due. We may charge you a returned check fee for a check returned for any reason. We may charge a processing fee of up to \$5.00 on any credit balance due upon termination of Service for any reason. You agree to reimburse Provider for its costs, including reasonable attorneys' fees, collection fees and similar expenses incurred by Provider with respect to collection of payment (except where prohibited by law).
- f. **YOU MAY SEEK A CREDIT OR REFUND FOR ERRORS IN BILLING FOR UP TO 180 DAYS (OR AS OTHERWISE PROVIDED BY CA LAW FOR CA CUSTOMERS) AFTER ISSUANCE TO YOU OF THE BILL ON WHICH THE ERROR IS CONTAINED BY CONTACTING PROVIDER AS PROVIDED ON YOUR BILL. YOU WILL HAVE WAIVED YOUR RIGHT TO DISPUTE THE BILL AND TO BRING, OR PARTICIPATE IN, ANY LEGAL ACTION RAISING SUCH DISPUTE IF YOU FAIL TO DISPUTE THE CHARGE ON YOUR BILL WITHIN 180 DAYS (OR AS OTHERWISE PROVIDED BY CA LAW FOR CA CUSTOMERS) AFTER THE ISSUANCE OF THE BILL. WE MAY ALSO BACK BILL YOU FOR ANY ERROR THAT RESULTS IN AN UNDERBILLING TO YOU**

WITHIN 180 DAYS OF THE ISSUANCE OF THE BILL THAT SHOULD HAVE REFLECTED THE UNDERBILLED CHARGE.
